

# CCS Neutral Cleaner AS (Auto Scrubbing Machines)

## DESCRIPTION

CCS Neutral Cleaner AS is a ph neutral daily floor cleaner specifically designed to be used with the entire range of CCS penetrating sealers and coatings.

It is a no rinse low foaming cleaner for use with auto scrubbing machines.

CCS Neutral Cleaner AS provides a gentle wash without affecting the surface of the base sealers, coatings and polishes. It contains no phosphates or carbonates.

## RECOMMENDED USES

Neutral Cleaner GP is ideal:

- for regular cleaning of concrete, polished concrete, terrazzo, natural stone and vinyl.
- as a daily maintenance product for the CCS Platinum Polish System.

## PACKAGING

CCS Neutral Cleaner AS is available in a 20 litre container.

## APPLICATION METHOD

Add the appropriate amount of product to the auto scrubbing machine solution tank as per dilution table below.

Application	CCS Neutral Cleaner AS	Water
General purpose cleaning	5-10mls	10 litres of hot water.
Heavily soiled areas	15-20mls	10 litres of hot water.

## STORAGE

Store CCS Neutral Cleaner AS in a cool dry place away from Class 5 oxidisers. The container should be sealed tightly whilst in storage. Always store away from food.

For further information consult the **Material Safety Data Sheet** and read the product label carefully before use. **Material Safety Data Sheets** are available by phoning **1800 077 744**.

**Please Note:-** The information given in this data sheet is based on our current knowledge of the product when properly stored, handled and applied. We cannot guarantee that the product will be suitable, effective or safe when used for any purpose other than its stated uses.

To the extent that it is lawful, we exclude warranties implied by law and limit our liability to the cost of replacing the product. We accept no responsibility for loss or injury caused by improper use, inadequate preparation, inexperienced or negligent application, or ordinary wear and tear.

Service or advice given by our staff should not amount to responsibility for the project - since the owner, or their contractor (and not River Sands), is responsible for procedures relating to the application of the product.
