

CCS HD Degreaser

DESCRIPTION

CCS HD Degreaser is a concentrated, heavy duty cleaner formulated to quickly emulsify, lift, and remove contaminants such as dirt, oil, fat and grease from concrete, stone and tile surfaces.

CCS HD Degreaser is suitable for cleaning both domestic and commercial environments and can be used to prepare the surface prior to application of CCS decorative concrete products such as the CCS Galaxy Coating System, CCS Acrylic Sealers and the CCS Stylepave Resurfacing System.

PACKAGING

CCS HD Degreaser is available in 20 litre drums.

APPLICATION METHOD

CCS HD Degreaser should never be used in its concentrated form. Recommended dilution rates are as follows:-

Contaminant	Cleaner : Water
Oil and grease stains	1 parts : 2 part
Degreaser, for domestic driveways, commercial car parks and workshops	1 parts : 5 part
General purpose cleaning	1 parts : 10 part
New coloured concrete	1 parts : 20 part

1. CCS HD Degreaser can be applied using a low pressure nap sack type sprayer or an industrial mop. Allow solution to sit on the surface for 5-10 minutes to breakdown the contaminants.
2. Scrub the surface using a scrubbing brush, stiff bristle broom, or auto scrubbing machine with a nylon pad. Ensure the cleaning equipment used will not scratch or chip the surface.

3. Rinse the surface using a commercial high pressure water blaster or an auto scrubbing machine and clean water.
4. Remove cleaner residue from the surface using a wet/dry vacuum or dry mop. Allow surface to dry.

STORAGE

Store away from other chemicals such as Class 5 oxidizers (i.e.: granular chlorine).

For further information consult the **Material Safety Data Sheet** and read the product label carefully before use. **Material Safety Data Sheets** are available by phoning **1800 077 744**.

Please Note:- The information given in this data sheet is based on our current knowledge of the product when properly stored, handled and applied. We cannot guarantee that the product will be suitable, effective or safe when used for any purpose other than its stated uses.

To the extent that it is lawful, we exclude warranties implied by law and limit our liability to the cost of replacing the product. We accept no responsibility for loss or injury caused by improper use, inadequate preparation, inexperienced or negligent application, or ordinary wear and tear.

Service or advice given by our staff should not amount to responsibility for the project - since the owner, or their contractor (and not River Sands), is responsible for procedures relating to the application of the product.
