

CCS Galaxy Decorative Flake Flooring Systems

GALAXY CUSTOM COLOURS

Creating a Galaxy custom floor colour is easy with the new generation of CCS Coloured Epoxies and Flakes.

CCS Coloured Epoxies can be used singularly or in combination to create a unique and incredibly hardwearing floor surface that is resistant to water, tyre marking, stains and general wear and tear.

Available in a broad range of relevant and customisable colours, CCS Galaxy Flooring Systems are an extremely hard wearing, low VOC (Green Star suitable) solution that is ideal for a wide range of residential interior environments.

Comprising pre-coloured acrylic decorative flake with an epoxy resin overlay, CCS Galaxy Flooring Systems ensure an extremely tough finish for areas prone to abuse, while providing ongoing protection against common household stains including oils, grease and dirt.

BENEFITS

- ✓ A highly attractive and durable surface
- ✓ Resistant to dirt, oil, grease and water
- ✓ Clean and hygienic
- ✓ Customisable colour options
- ✓ Suitable for uneven flooring surfaces
- ✓ Cost effective solution for larger areas

FOR DESIGNER APPLICATIONS

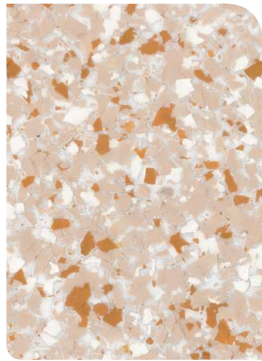

- ✓ Kitchens
- ✓ Patios
- ✓ Laundries
- ✓ Rumpus Rooms
- ✓ Entrance Areas
- ✓ Bathrooms
- ✓ Under house areas
- ✓ Workshops

For residential environments where additional slip resistance is required, CCS offer Galaxy Stone Grip.
