

Industrial Epoxy XT100

Heavy duty epoxy resin for industrial applications

CCS Industrial Epoxy XT100 is a two part, civil grade, 100% solids epoxy resin coating specially formulated for industrial and commercial concrete floors where a long lasting and durable surface is required.

CCS Industrial Epoxy XT100 penetrates deep into concrete to seal, protect and provide a high level of resistance to chemicals, corrosive compounds and oils.

It is suitable for a variety of industrial applications requiring a tough non-porous surface particularly those subjected to pedestrian traffic, motor vehicles, forklifts, trucks and rubber tyre machinery.

IDEAL FOR

- Factories
- Warehouses
- Workshops
- Storerooms
- Processing plants
- Manufacturing facilities
- Carparks
- Ramps
- Catwalks
- Walkways
- Platforms
- Stairs

ADVANTAGES

- Industrial strength product formulation
- High and low temperature tolerance
- Durable, long lasting and hard wearing
- Excellent resistance to chemicals and oils
- Easy to clean – very low maintenance
- Seamless – no joints to harbour grime
- Smooth or non-slip finish options
- Standard grey colour or optional tints
- Low odour product installation
- Economical and quick application
